Fall Sales

Pricing Subject to Small Monthly Change

As we all know summer tends to be fleeting. But this one was certainly a whirlwind for us. Moving into the fall the industry is battling some supply chain issues as are most businesses. We have worked to keep the store as stocked as possible in a time of unprecedented demand for certain items. But with increased volume comes increased benefits for our customers, some brands we would never buy in bulk we've started too which means we can continue to lower pricing throughout the store. Along with rotating & offering many more new brands for all departments of the shop. Have a wonderful & safe Fall!

Best Wishes- Greg Brick Jr
