

Our vision

As social entrepreneurs, we build programs that endure and grow to help everyone make their communities a great place to live, grow, and shape their future in innovative ways.

✓ WELL-BEING

We commit to increase resiliency at the community-level by reducing risks and removing barriers.

✓ SAFETY

We promote attitudes and behaviors that help communities thrive as neighbors and friends.

✓ INCLUSIVITY

We identify sources of inequity, social disruption, and low engagement to promote diverse, equitable, and inclusive thriving communities.

What About Us?

Founded in December 2020, we believe that communities who work together can overcome obstacles and achieve results that make them safer and better places to work and raise families. We support them with over 40 years of experience with strategies, training, and resources.

For Impact

We create thriving communities with access to resources and equity for all.

Programs we cover:

We work with underserved and underrepresented communities in Palm Springs to bring innovative, high-quality, high-impact programs and practices.

✓ YOUTH & YOUNG ADULTS

Our Summer Youth Camp and After School Programs provide positive and safe environment for growth, service, and expression for all youth.

✓ JOBS & ENTREPRENEURSHIP

With our SEECER Club, we will boost local economic opportunity by preparing individuals for better jobs and meaningful future careers.

✓ MENTAL HEALTH & WELLNESS

Our Circle of Friends and Parent Learning Walk programs offer mental health resources and skills for wellness and to remove stigma.
