

TRAIN THE TRAINER COURSE

WHO IS THIS COURSE SUITABLE FOR?

This is a 2-day course designed for industry specialists to develop the skills to successfully facilitate and deliver interactive training programmes. We use a range of techniques so that participants can learn how to deliver great training with confidence beyond just reading PowerPoint slides.

WHAT WILL I LEARN?

Our Train the Trainer (TTC) course provides the skills, confidence, and structure to design and deliver training sessions in the workplace but also to ensure that the learning is embedded and applied. We use a range of techniques to help develop these skills with plenty of hands-on practice.

WHAT IS OUR APPROACH?

Our accompanying 60-page course handbook provides participants with a point of reference and the opportunity to commit, try and apply, practice, reflect and continue to build on their existing knowledge and skills. We can tailor the course to suit your needs, but an effective approach is a 2-day course for a small group which can be followed by a series of 1-2-1 coaching sessions.
