Omega Academy Points System

The Omega Academy Points System (“Points System”) rewards students for participation, improvement, and referrals. Points are earned based on specific actions and can be redeemed for classes and Omega Academy Unplugged events.

Eligibility

To earn points, students must:

- Be an existing student with an assigned Omega Academy student number.
- Have attended at least one Omega Academy class.

Earning Points

Monetary value: 1 point = R1.00

Points may be redeemed only in full for:

- Any Omega Academy class (private, group, bootcamp, exam practice, script review)
- Omega Academy Unplugged events

Points cannot be redeemed partially.

Example: If a student has 15 points, they must redeem all 15 points at once; splitting points across multiple redemptions is not permitted.
