## BEHIND THE COVER

The welcome mat is being dusted off; the latch string is out! In short, Scintilla is ready to present the traditional "keys of the community" to all of our friends and neighbors in the area.

The big event is scheduled to take place October 17th, when Scintilla will hold Open House for the first time in five years.

A special letter from the general manager will invite employees to escort their families through the plant on that day. Others, even though they have no relatives working at Scintilla, will also be welcome to visit our "industrial city" and get acquainted.

This month's Cover Girl, Jean Davies of Dept. 87, is one of the "key" people interested in making Open House at Scintilla a huge success. She particularly wants everyone to keep the date in mind, so that's why we've lettered "October 17th" on the key which will symbolically be used to open the doors for Open House—1953.

## COLUMN O' TYPE

IF you think the weather was a bit unseasonable last month, you should have been around the summer of 1816. According to *THE MONTROSE INDEPENDENT*, 1816 turned up some "real" weather down Pennsylvania way where Bendix has its Montrose Division. June of that year was bitter cold, the old newspaper clipping quoted by the "Independent" reports. There was a frost, ice or snow nearly every night. In July it was still frosty and the ice in that part of the state was almost thick enough for skating on the Fourth. Then came August, which was still worse. Half inch ice formed and every green thing was killed. As a result, farm crops were ruined and corn seed sold for five dollars a bushel the following summer.

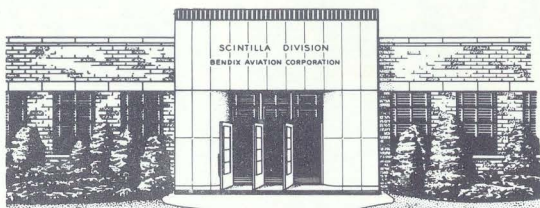

Dawn McEligot, formerly a member of the Sales Department, left Scintilla last month to become a "school marm." She is now a member of the faculty at Mt. Upton Central School.

If the man pictured in Scintilla's "Courier Magazine" ad this month looks familiar, there's a good reason. It's B. H. King, a member of our Analyzer Lab. In case you haven't seen it yet, the ad is designed to encourage young men in this area to consider careers in engineering.

**OLD FRIENDS** get together to wish Edythe Kirkegaard (Purchasing) farewell. Group here includes her earliest Scintilla associates. From l. to r.—Verna Cornell, Robert Graham, Joe Bazata, Mildred Rowe, and Mrs. Kirkegaard.

# Open House

## October 17, 1953

**E**LECTRONIC and mechanical wonders of a modern day and age will be among the dozens of product displays placed on exhibit here next month when Scintilla holds Open House for the first time in five years.

With the exception of research and experimental areas, "behind the scenes" facilities in all manufacturing departments will be open for the one-day visitation from 10 a.m. to 4 p.m. on Saturday, October 17th, it was announced by General Manager George E. Steiner. "We plan to keep a large share of the plant's machinery in operation throughout the day, so that visitors will be able to see at first hand the various processes involved in the production of Scintilla equipment", he said.

Arrangements have already been made for the display of jet aircraft, reciprocating aircraft, and Diesel engines. A number of commercial products equipped with Scintilla components will also be exhibited, it was reported. Departmental displays will supplement the major exhibits.

Open House at Scintilla will give the families and friends of employees as well as most area residents their first opportunity for a close look at

the electrical wizardry that goes into the manufacture of such Scintilla products as jet ignition equipment, ignition analyzers, electrical connectors, low tension ignition systems, and industrial components. Because of the precision required in the manufacture of Scintilla equipment, many of the operations involved have been developed within the plant and are unique to the industry as a whole.

Although employees will receive a special letter from Mr. Steiner, inviting them to bring their families, friends and neighbors, the General Manager pointed out that all area residents will be welcome to visit the plant and get acquainted. However, security regulations require that all visitors be citizens of the United States.

All visitors will be welcomed at the South Gate to begin a carefully planned tour, which has been arranged to cover both manufacturing and office areas. Employees scheduled to work during Open House are requested to use the West Parking Area only. This will leave the East Area free for the use of visitors' cars. Because of security regulations, it will also not be possible for guests to bring cameras inside the gates.

**CARL KUEBLER's team defeated Phil Allen's for Scintilla Golf League championship. From l. to r. — Bill McIntyre, Carl Kuebler, Robert Herbison, and Tom Kreutz. Playoff took place in pouring rain on Sept. 5th.**

**THREE MEMBERS of Phil Allen's team are shown with Bob Hamilton, who reorganized league this spring. From l. to r.—Phil Allen, Gordon Fitzgerald, Johnny Frank, and Mr. Hamilton. Boyd Baker, also a member, was not present for picture.**

**Thirty-two man league battled to the wire to decide this year's ---**

# Golf Champs

A hotly contested playoff for the Scintilla Golf League championship was decided in the pouring rain at Sidney Country Club on September 5th.

The team captained by Carl Kuebler won over Phil Allen's team 3 to 1, all players completing the playoff in soaked clothing as the first rain in several weeks pelted the parched course.

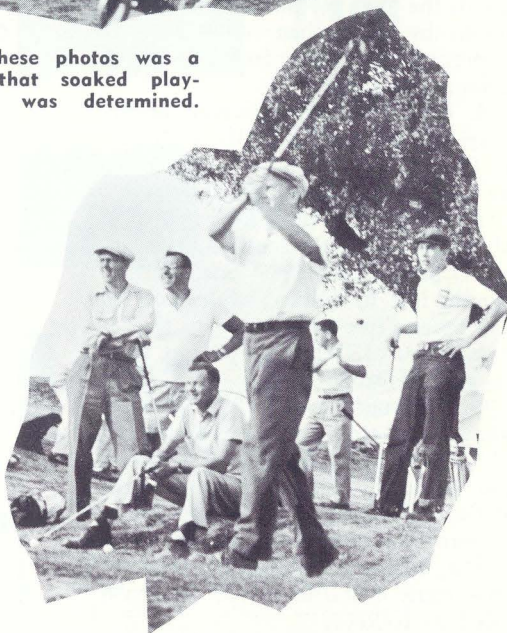

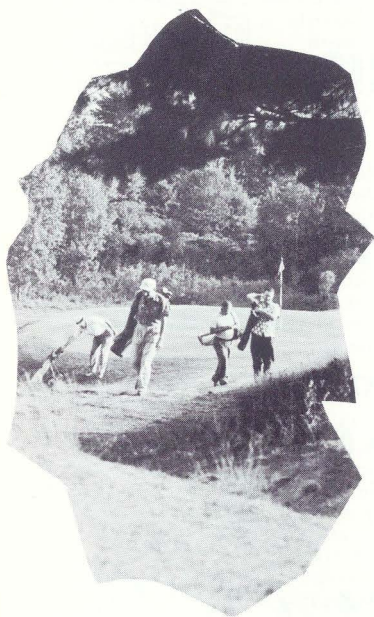

Members of the winning team included Mr. Kuebler, Bill McIntyre, Bob Herbison, and Tom Kreutz. Phil Allen's team was made up of Johnny Frank, Boyd Baker, and Gordon Fitzgerald.

The playoff was brought about by a tie on the final night of league action, August 26th. Eight 4-man teams finished out 14 weeks of competition that evening.

The Scintilla Golf League, which ran strong during the war years, was reorganized this spring by Bob Hamilton. Members plan to continue the league next year, it was reported.

**BRIGHT SUNLIGHT** evident in these photos was a decided contrast to downpour that soaked players when league championship was determined.

# Personnel survey uncovers some interesting data on..

CLOSE to a million and a half dollars flows from Scintilla each month into the economic bloodstream of upstate New York. This figure represents the total payroll harvested every month by more than 4600 Scintilla employees who hail from 104 area communities.

A recent personnel survey underscores the fact that Scintilla is unique, as far as most manufacturing firms are concerned, in that only about 30% of its employees live in the same town where they work. In actual figures, the survey shows that 1399 Scintilla employees live in Sidney, while most of the others live elsewhere in the 4-county area of Delaware, Otsego, Chenango and Broome.

On a county basis, 48% of Scintilla's employees live in Delaware, 25% in Otsego, 21% in Chenango, and 3½% in Broome. Ten per cent of the work force comes from Oneonta, some 25 miles away.

The complete tabulation, showing how many Scintillites live where, is listed as follows:

# WHERE SCINTILLITES LIVE !

September harvest of \$424.98

proves value of ---

# Idea Investments

REMEMBER how it used to take two large sheets of paper to line the bottoms of certain stock boxes at Scintilla? Well, L. M. Laures of Dept. 28 has changed all that. He figured if the sheets were made one inch larger than the 20"x20" paper in use at that time, a single sheet would do just as well and save a lot of good paper.

The idea seemed pretty good to him, so he decided to invest it in the Suggestion System where it would be brought to the attention of the right people. When all the figuring was completed, the net saving was such that Mr. Laures received \$88.35 this month for his idea.

Some ideas pay big dividends, others small—you never can tell until you invest them. Take Mr. Laures, for example. In addition to the \$88.35, he received \$5.00 for another suggestion which brought about an improved method for disposing of magnesium chips.

Other \$5.00 Suggestion Award Winners this month include Anthony Schrader, Dept. 30; Frank Horan, Dept. 48; Florence Minor, Dept. 32; Clara Amerose, Dept. 99; G. M. Dickman, Dept. 41; Donald W. Radley, Dept. 87; Don Gould, Dept. 100; Dorothy B. Egleston, Dept. 99; and Clarence H. Sherwood, Dept. 42.

June D. Tuttle of Dept. 99 is another double award winner, receiving one check for \$25.50 and a second for

\$7.50. Her \$25.50 idea involved improving the control of gages at the Tool Cribs.

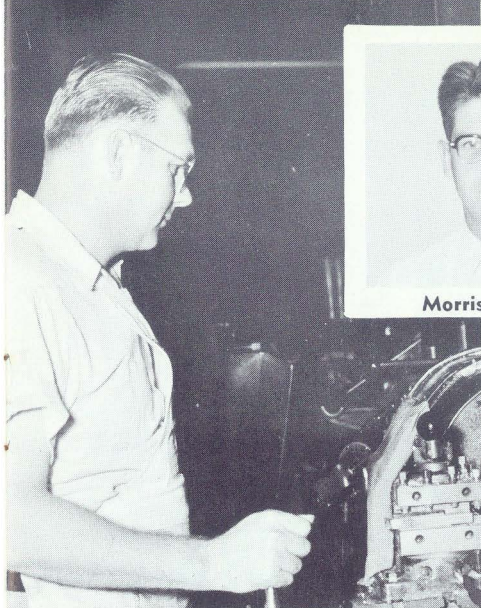

Maurice Perkins, Dept. 29, also received a check for \$7.50. A \$9.00 check went to Morris Ketchum of Dept. 27, while Gerald Banks of Dept. 30 received \$10.00.

Lowell Reed, Dept. 44, noticed tubing was being purchased longer than was necessary to meet material needs. His suggestion made it possible to save material and at the same time omit two operations. The idea he invested in the Suggestion System brought him an award dividend this month of \$51.38.

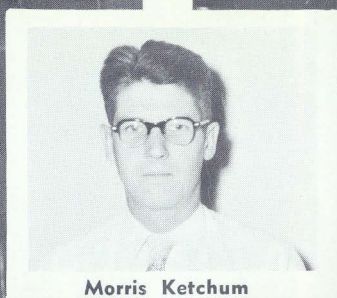

Derwin B. Anderson of Dept. 6 figured out a way to eliminate unnecessary paper work. His idea paid off with a \$45.00 award.

Vernon R. Gould, Dept. 26, received an award of \$30.00 for suggesting a way to improve the operation of broken drill indicators on the Gridleys, while Bastine Caracciolo of Dept. 29 was awarded \$27.75 for an idea that eliminates rework and requires fewer new drills.

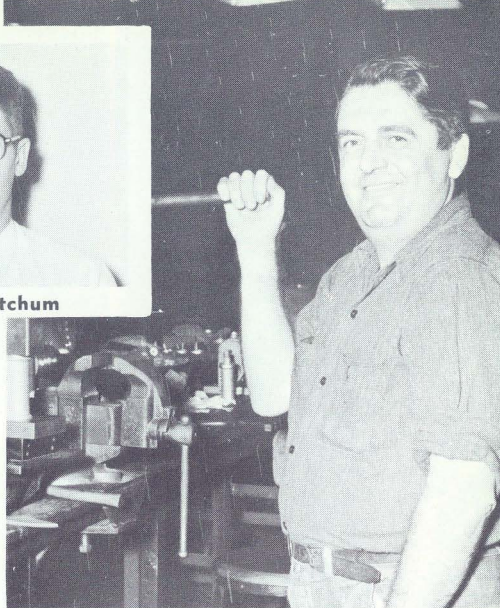

Other suggestion checks included in this month's total of \$424.98 are those in the amount of \$25.00 for Raymond A. Wagner, Dept. 32; \$18.00 for Charles B. Underwood, Dept. 30; \$15.00 for Harry Linnabery, Dept. 18; and \$15.00 for Alex Launt of Dept. 99.

I wish to express my appreciation for the lovely basket of fruit I received from Scintilla while I was in the hospital. A very special thanks to the day shift of Dept. 38 for the flowers, money and cards while I was sick, and a heartfelt thanks for the flowers and cards received during the loss of my Mother.—Mrs. Wanda Epply.

I wish to thank my friends in Dept. 38 for their cards and many kindnesses during my recent illness.—Helen Ireland.

GENE KIRKMAN, 11, of Phoenix, Ariz., is pictured in TV studio shaking hands with Lew King, television personality, after receiving Bendix Aviation Corporation 27-inch TV set from Mort Brayer (center), Phoenix Bendix distributor. Gene won first prize in boys' division of national "Name the Ranch" contest sponsored jointly by Bendix and the Kellogg Company. Merchandising campaign contest was based on naming of ranch of Andy Devine, featured player, in "Wild Bill" Hickok.

## New Building Starts Chain of Office Moves

Occupation of the new office addition began last month with the switch of Sales Department personnel to the new quarters. The building, fifth expansion of plant facilities since Korea, was completed late in July.

Relocation of sections of the Sales Department set off a chain of office moves that was still taking place when this issue went to press. The Mail Room moved to the corner section left vacant by Sales, while the Payroll Department switched to the former Mail Room and Sales Department area off the Main Clock Area.

The Service Department is also slated to occupy quarters in the new building, with the Purchasing Department transferring activities to the former Service Department wing. Part of the Engineering Department will spread out into the area vacated by Purchasing.

A number of smaller offices have also been moved in the big shuffle.

The engine and nacelle on a single modern airplane weigh more than 16 times as much as the first aircraft flown by the Wright Brothers in 1903.

**SALES DEPARTMENT** members bid farewell to William A. Uline and William C. Moore this month. Presentation of gift was made by Robert Boyer, Jr. (right) on behalf of the department.

## Management Announces Sales Dept. Change

Announcement was made recently that William A. Uline, general sales manager, and William C. Moore, assistant sales manager—industrial, have resigned to accept the positions of President and Vice-President respectively of the Allied Precision Industries — Sales and Engineering Corporation in

Geneva, Illinois.

Mr. Uline has been with Scintilla since 1939 in the Engineering and Sales Departments. Mr. Moore joined the Division in 1947 as a member of the Sales Department. Both men were honored at a farewell party given by Scintilla associates in the Rose Room on September 11th.

## BULLETIN

Effective as of Sept. 15th, Donald L. Quinney was appointed Acting Assistant Sales Manager—Industrial Products Section.

Announcement has also been made of the appointment of Donald B. Morse as Manager — Western States — Sales, effective on August 15th.

Know how to make a nest egg that's guaranteed? You can make it by putting part of your earnings into U. S. Savings Bonds the regular, systematic way—through the Payroll Savings Plan.

To test a jet bomber, the Air Force flew it the equivalent of nearly 17 times around the globe!

A typical modern fighter plane contains over 250,000 rivets.

**SCINTILLA'S** latest expansion of plant facilities is taking place at West end of factory.

## Ground Broken for New Building

Ground was broken late last month for a new coil and condenser building at the West end of the plant. The new building, scheduled for completion early in February, marks the sixth expansion of plant facilities undertaken at Scintilla during the past three years.

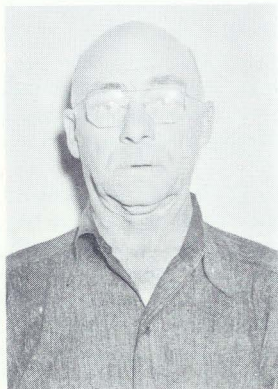

In addition to coils and condensers, manufacturing facilities for allied

items will also be housed in the new addition. The building, part of which will be air conditioned, will be attached to the main plant by a connecting wing.

Structural work is being handled by Frank Lewis & Sons, while the contracts for the electrical and mechanical installations are still to be announced.

## Quarter Century Man Retires

Laverne Chase, a quarter-century man at Scintilla since this spring, retired on July 13. Formerly a member of Dept. 39, Mr. Chase celebrated 25 years of service with Scintilla on May 23. Prior to leaving the plant he was feted at a farewell party given by members of his department.

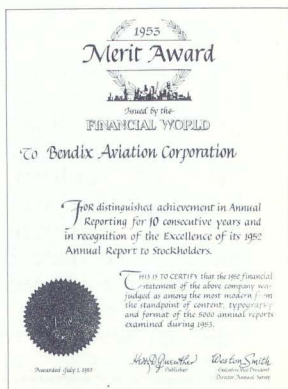

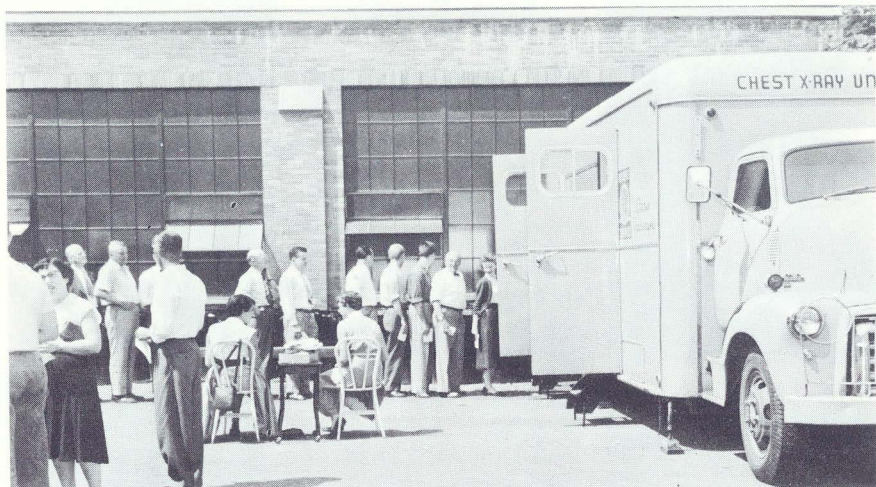

## Bendix Receives Award

Bendix Aviation Corporation's *Annual Report for 1952* has been judged by "Financial World" magazine as one of the most modern of the 5,000 reports examined during 1953.

In recognition of this, "Financial World" has issued a 1953 Merit Award to Bendix. The award, a copy of which is reproduced here, was given for "distinguished achievement in Annual Reporting for 10 consecutive years and in recognition of the Excellence of its 1952 Annual Report to Stockholders."

The Annual Report is published each year to give stockholders a clear picture of the Corporation's activities and operations, including both its problems and accomplishments.

## Mobile Unit X-Rays 4,146 Here

A total of 4,146 employees received free chest X-rays during the one week survey conducted at Scintilla last month by the Delaware County

**SCINTILLITES**, shown here, were among the 4,146 who let X-ray say okay during survey at plant.

Tuberculosis & Health Association.

The results of the survey will be made known to each individual by mail. If any abnormalities show in the plate, the family doctor is notified as well as the person involved.

The costs of the survey are borne by the TB Association whose funds come from the yearly sale of Christmas seals. Officials of the association, however, point out that loss of time while employees are being X-rayed is borne by Scintilla.

## EASTONETTES

**By Ken Easton**

Since science has endowed TV with tales of things to be, and filled department stores with toys from 1993, our home has been transformed o'er night to something quite unique . . . and there I sit—amazed and stunned—like some o'erlooked antique. Our two-year-old

trods thru the room with cosmic-atom phone, and peers at me thru the safety glass of a spaceman's helmet dome. And the five-year-old is a space cadet with ray gun strapped in place, noisily building an orange crate ship to conquer outer space. Even our daughter

has joined the group, for she dons her uniform—to act as hostess on a flight from earth to Capricorn. I dread to think how lonesome 'twould be, were it not for candy bars . . . to lure them home in time for bed from Mercury, Moon and Mars.

## Five Begin Apprenticeships

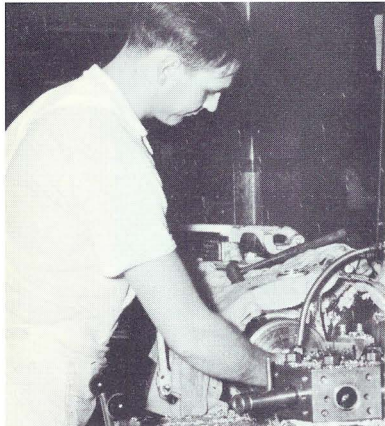

Five men have recently been enrolled in the Apprenticeship Training Program at Scintilla.

The group, which has already been placed in training, includes Howard G. Butler, LeRoy Chamberlin, Richard Dilmore, Cyril Cowperthwait, and also Arnold Wischusen, who replaces Paul Dropp who has entered military service.

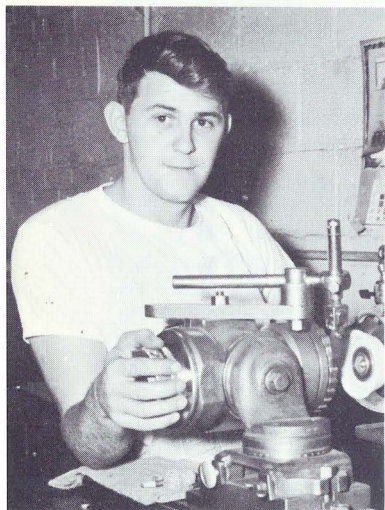

Three of the men were employed at Scintilla prior to their selection as apprentices. They are Mr. Chamberlin and Mr. Wischusen, who will receive training as Machinists (Tool Room), and Mr. Dilmore, who will be trained as a Tool Maker.

Mr. Butler, a June graduate from Delaware Academy in Delhi, will be trained as a Machinist (Experimental), while Mr. Cowperthwait, who graduated from the Alice Freeman Palmer Central High School in Windsor last June, will train as a Tool Maker (Model & Test Equipment).

Selection of the new apprentices was made from a group of twenty-six applicants who took part in a qualifying testing program earlier this summer. Test data, personal qualifications, school records and work experience were all given consideration as a basis for selection.

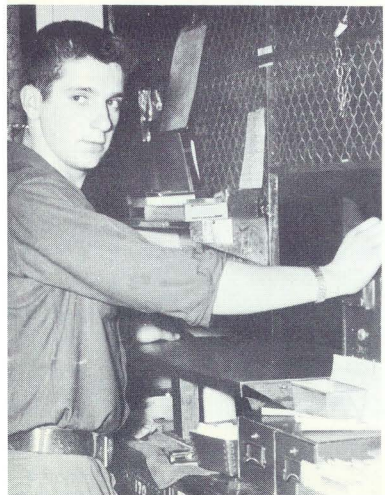

**Arnold Wischusen**

**LeRoy Chamberlin**

**Cyril Cowperthwait**

**Richard Dilmore**

## ***Climbing Scintilla's Ladder:***

# **Scintilla Announces Promotions for Nine**

Recent promotions have been announced at Scintilla as follows:

Malcolm G. Douglas—promoted to General Supervisor, Service-Sales.

Joseph M. Moore — promoted to General Supervisor, Technical Service.

Louie G. Wyss—promoted to Foreman, Departments 10 & 11.

Gottfried Riesen—promoted to Supervisor, Tool Control.

John Nial — promoted to District Application Engineer, Sr.

Harvey Ferry—promoted to District Application Engineer, Sr.

Donald Woodworth—promoted to District Application Engineer, Sr.

Arthur Moran—promoted to District Application Engineer.

Clark Grey—promoted to District Application Engineer.

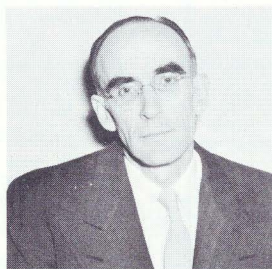

**Mr. Douglas**

**Mr. Moore**

**Mr. Wyss**

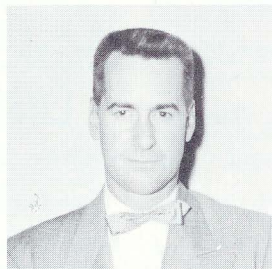

**Mr. Nial**

**Mr. Riesen**

**Mr. Grey**

**Mr. Ferry**

# BARTER COLUMN

A service for employees of Scintilla Magneto Division, conducted without charge. All articles advertised must be the personal property of the employee. Ads of a commercial nature are not acceptable.

**FOR SALE:** Two purebred English Springer Spaniels, 4 months old; A.K.C. litter registered. Edna Sargent, Phone New Berlin 9-4184.

**FOR SALE:** .45 Automatic Pistol, like new; priced to sell. Martin Bovee, Walton, N. Y.

**FOR SALE:** Stoker outfit, in perfect condition. 30 Grand St., Sidney.

**FOR SALE:** Two complete Bedroom Suites, your choice for \$125. 210 Johnston Circle, Sidney.

**FOR SALE:** 1953 R.C.A. Television Set, 21" limed oak console model; used 8 months, like new. Cost \$450, will sell for \$350. Jim Hiscott, Phone Sidney 5101.

**FOR SALE:** Lightweight 120 base Caselli accordion. Eve Harrington, Phone Sidney 6153.

**FOR SALE:** 14-ft. Dunphy boat, Gator boat trailer, and 25 h.p. Johnson motor with controls. Ray Armstrong, Phone Unadilla 2605 (evenings).

**FOR SALE:** 24-ft. Palace House Trailer (1947), in good condition, newly re-conditioned. Phone Sidney 4893.

**FOR SALE:** 1938 Buick Car Radio, \$8.00. Phone Unadilla 3025.

**FOR SALE:** Baby carriage (Haywood Wakefield); also play pen. Both in excellent condition. Phone Sidney 8263 after 4:00 p.m.

**FOR SALE:** Gas Kitchen Range. Harold Latham, Phone Gilbertsville 16F12.

**FOR SALE:** One pair of ladies' roller skates, size 8. Phone Sidney 3713.

**FOR SALE:** Circulating Oil Heater, 13" pot type. Louis Steffen, Bennett Hollow Rd., Franklin, N. Y.

I wish to express my heartfelt appreciation for all the wonderful cards, gifts and friendly deeds which I received during my illness. I shall never forget what wonderful friends you all have been when I so sincerely needed friends. Thank you one and all and may God bless you always.—Alice Kumpikas.

Please accept my sincerest thanks for your thoughtfulness in sending me such beautiful flowers during my recent hospitalization.—Sven Anderson.

Thank you sincerely for your kind expression of sympathy. It was deeply appreciated and is gratefully acknowledged by the family of George H. Ervey.

I wish to thank The Management for the sunshine basket which was sent to me recently.—Mrs. Melvina Epply.

I wish to thank The Scintilla Management for the sunshine basket, the members of Dept. 43 (2nd shift) for their gift and card and also the women of Dept. 43 for the lovely flowers. I also wish to thank those who sent me cards while I was in the hospital.—Aleita F. Miles.

I wish to extend my sincerest thanks to The Management of Scintilla for the lovely fruit basket sent to me at The Hospital, Sidney. It was most thoughtful and considerate of you folks to remember me during my illness. I also wish to thank all the kind folks who sent me cards.—Ralph Schobert.

I want to thank The Scintilla Management for the lovely sunshine basket I received.—Catherine Palmatier.

I wish to thank The Management for the flowers sent me while a patient at City Hospital; also Dept. 48 and others for the generous collection. Thanks also to the socket girls for the lovely sunshine basket and cards.—Elva Storrer.

We wish to express our sincere thanks and appreciation for the many cards, flowers and gifts of money given us during the recent illness and death of our loved one.—Harold, Bobby and Kathleen Lent.

Thanks to all my friends for the cards sent during my recent stay in the hospital. Also, to The Scintilla Management for the fruit basket and my co-workers for the lovely sunshine baskets.—Vivian B. Davis.

I wish to thank The Management for the lovely basket of fruit and everyone else who sent me gifts and cards during my recent illness.—George W. Jones.

## LOST and FOUND

**FOUND:** Sum of money. Owner may have same upon proper identification. Bob Graham, Ext. 541.

**LOST:** Souvenir, chain type tie guard; mounted with pale blue piece of Niagara Spar. Russ Nichol, Navy Office.

# GOOD HUNTING-

... in fields and forests

... where birds and other game

... find food and cover

You can't have one and  
not the other!

1. Crush out your  
smokes.
2. Break your match in  
two.
3. Drown your campfire.

**Remember — only you can  
PREVENT FOREST FIRES!**

I wish to thank my friends and neighbors for their cards and flowers; also my co-workers in Depts. 30 and 33 for their gift.—Hector Rees.

The family of Claude B. Isbell wish to extend their thanks and appreciation for the acts of kindness, messages of sympathy and beautiful floral offerings received from their many friends at Scintilla in the tragic loss of their loved one.—Mrs. Claude B. Isbell, Mr. & Mrs. Clifford A. Isbell, Mrs. Luella I. Emond and Mr. & Mrs. Harold K. Isbell.

I wish to extend a very hearty "thank you" to The Management for the lovely basket of fruit sent to me during my stay in the hospital.—Marion Moretz, Dept. 99.

I wish to acknowledge with grateful appreciation the kindness and sympathy of many Scintilla friends at the time of our tragic loss.—Mary McCumber.

I wish to thank The Scintilla Management for the basket of fruit; also I.A.M. No. 1529 and my fellow workers and friends for their kindnesses while I was a patient in The Hospital, Sidney.—Robert Kalicicki, Dept. 99.

I wish to express my thanks to The Management for the sunshine basket which was sent to me during my recent stay in the hospital.—Leo Ireland.

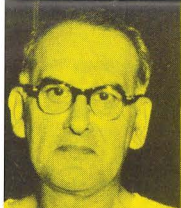

We wish to express gratitude to our many friends for their kind expression of sympathy and help during the illness and death of our loved one.—The Burroughs Family.

I wish to thank The Management for the sunshine basket which was sent to me recently.—Donald Douglas.

I wish to express my sincere appreciation for your thoughtfulness.—Eileen Watson.

I wish to thank The Management for the fine basket of fruit which was sent to me while I was a recent patient at the hospital. Also, I wish to extend my thanks to my friends and fellow workers for their cards and gifts.—Fenton McPherson, Dept. 32.

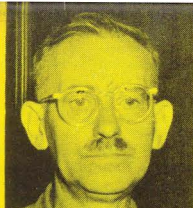

I wish to thank The Management for the lovely sunshine basket, and also my friends on Line 48 (Second Shift) for their lovely cards.—Ann Derrick.
