

# AgriGuard Rodent Protection Plan

The Agri Guard Protection Plan is a comprehensive Integrated Pest Management Program (IPM) for your farm or agricultural facility. We customize a pest control program that is tailored specifically for you while using a multitude of different industry leading treatments. We then apply and monitor regularly to protect against damage and disease.

After an initial inspection of your facility is conducted and all problem areas are identified, our service technicians will establish a program that works as hard as you do.

## What does the Agri Guard Protection Plan Cover?

Our Agri Guard Protection Plan uses industry leading techniques to aid in the control and mitigation of all forms of mice and rats in an agriculture facility.

The Farming industry is the backbone of our entire nation. Let us help you protect your bottom line by fighting against losses and disease.

## Warranty

At Pied Piper Pest Control, we stand behind all our services. Our Agri Guard Protection Plan is backed by a warranty all year long. If you ever have a problem between services, we will take care of it at no additional cost to you!
