

# Gainesville Potter's House Christian Academy

## Why should I be part of the Parent-Teacher Association?

The PTA focuses on social and educational programs that inspire the importance of family engagement in all schools and communities. It provides us with the forum and tools to collectively influence decisions that impact our children at their schools, across districts, within states, and even nationwide.

This unique mission of the PTA empowers us to plan, operate, and finance many of the school's activities while setting goals for a brighter future. Your involvement in the PTA is instrumental in creating a supportive environment for our children's growth and development.

Let's work together to make a positive difference in our schools and communities through active participation in the PTA.
