January 2020-Happy New Year!

It was great to see so many families join in for our Holiday coffee event. It's always nice to have a little more time to visit and for everyone to get to know each other more!

In our Preschool/Kindergarten class we have been exploring all things snow and winter. They have had so much fun decorating the tree and their classroom with the art they have made. In circle time we are working on emotions, we have enjoyed our special visitor Ms. Susan who has been reading to us, and we have also enjoyed the expansion to our loose parts area and constructive play materials. The castles and structures the children are building with them are amazing!

Our Toddler classroom has transitioned into numbers, colors, and letters. It has been so neat to see how quickly the children are picking up on these early literacy components. There is an interest emerging in Oceanic Life, sparked by a new book added to the class recently, so our Teachers will support that exploration starting in January with the kids.

Our Infant classroom is filling up quickly. We are in the process of hiring a second full time Teacher to work in that classroom and so you will see a new addition to our teacher

team in January. Our little ones have been having so much fun making cards, doing creative indoor gross motor activities, and in making new friends this month.

Reminders/Special Dates

- December 23-January 3rd-Closed for Holiday Break
- January 14- Library Month on Tuesdays starts for all ages
- We are collecting items for our loose parts project. Any applicable items are greatly appreciated! Thank you for the donations we have already received.
