May 2020

We reopened our doors on May 14th and it feels SO good to welcome our kids, families and staff back. We missed everyone so much! Thank you to everyone for working to adhere to our “new normal” in the interest of keeping everyone healthy and safe. Everything is going very well with the new procedures and we are all adjusting. Our procedures will continue to evolve and change as we move forward and Alberta Health Services strives to issue the best regulations given where the circumstances are at the moment. You can also have confidence that internally we have very high cleaning procedures and are extremely diligent on the new procedures implemented for this situation.

Our children have been so excited and interested in “Things that Grow.” This interest has led to planting their own plants, nature walks to find bugs, and all sorts of activities that center around the exciting new breath of life that spring brings to our world in so many ways.

COVID-19 UPDATES

June 1st changes to Parent Drop off/Pick Up process:

Alberta Health Services has mandated that no parents will be allowed in the daycare facilities, aside from standing in the locked entryway to preserve a cleaner “bubble” for the children and staff within the facility.

Drop off/Pick Up Procedure:

Toddler Class-You will be dropping off directly into your classroom through the grey door on the deck that goes directly into the toddler room. Please stay outside of the physical classroom, knock at the door, and we will bring your child to you with their belongings. Calling 403-460-7376/texting 403-471-3618, 10 mins prior so that we can have your child ready for you is preferred.

Infant and Preschool/Kindergarten Classes-Please call us at 403-460-7376 or text us at 403-471-3618 ten mins prior to pick up. We will bring your child to the front entry to meet you.

If you see a parent picking up at the main entrance please keep your distance until they are done and then come up to take your turn to pick up your child. Internally we will coordinate to only bring one child for pick up/drop off at a time to minimize children from different classrooms comingling in halls/entryways during these times of the day.

Thank you so very much for working together with us on the above. We appreciate it
