## Monthly Newsletter

September 2019

Just like that summer has come to an end! We would like to welcome all the families joining us in the month of September. This month we will be taking time to get to know your children and their interests to best tailor our program. We will continue to spend lots of time outside soaking up the beautiful weather while we can and exploring movement.

During the month of August the children spent time exploring and learning about modes of transportation and vehicles. They learned about travel in the air, water, and on land through a variety of experiences and activities indoor and out.

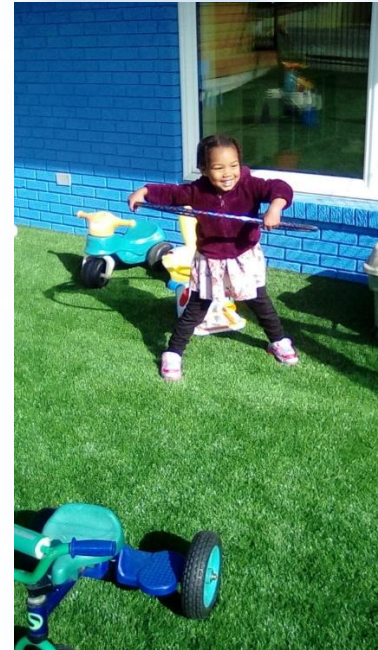

We are excited to be opening our Pre-School Classroom, on the main floor, which will be led by our Senior Teacher Miss Morgan. She has been preparing for a fun launch of our newest students and class.

Miss Nav is our Senior Teacher in our Infant/Toddler room and she, as well, has been preparing and planning for our growing class in this age group. Over the month her class will be exploring color, texture, and the natural world.
