Project Profile 5: Multi Fruit Processing Unit (Pulp, Concentrate, RTS)

Product Category: Fruits and Beverages

Project Capacity: Input Capacity of 5MTPH or 10MTPH (Multi Fruit - RM Season based)

End Products: Pulp, Concentrate & RTS Juices

Raw Materials: Mango, Guava, Papaya, Tomato, Apple, Pineapple, Pomegranate, Banana, Grapes & Citrus fruits

We have customized designed and developed Multi fruit processing systems to operate the unit year around based on Supply of RM across India. Design Changes will be made based on RM and client request.

For our ongoing project in Andhra Pradesh, we plan to process Mango, Papaya, Tomato and guava. But major operations will be performed on Tomato and Papaya.

Similarly for Maharashtra, we will allocate maximum time for grapes and Pomegranate.

Operating Profit Margins: Above 25% (Though many of the units are operating at very less margins due to many problems into technical/operations/mgmt.

Future Zen Consultants are experienced in this segment and will assist Investors to setup READY TO OPERATE processing unit.
