

Deck & Picker Support Unit LP6DP

Serial# 19E173T600S1Y19E01

The LP6DP support unit.

Equipped with HEILA HL-L-70/3S knuckle boom crane, 84" long X 88" wide flat deck.
Extra diesel tank 150* gallon, 12V DC fuel transfer pump and ¾"x26' hose reel.

*- Approx.

Engine

John Deere PowerTech ETM 4.5L
4045HF285 diesel
No. of cylinders 6
Power 173hp @2400RPM
Fuel Tank 75 gal.

Electric

Voltage 12V

Transmission

Hydrostatic
Final drive Planetary with brake
Steering control Single joystick

Dimensions

Overall length 232" (5889mm)
Overall width 96" (2434mm)
Clearance height 121" (3072mm)
Ground clearance 18" (468mm)
Tare weight 22,150 lbs/10,047kg
Max. Payload* 10,000 lbs / 4,536 kg
*- with full extra diesel tank

Driving characteristics

Speed Low 0-2.5 mph

Speed High 0-6 mph
Fording depth 38" / 977 mm
Ground Pressure
Empty 4.9 psi (345 g/cm²)
Loaded 7.13 psi (501 g/cm²)

Cabin

2 seats, road traffic lighting system, beacon light, engine control displays, rear view color screen

Chassis

Track Rubber
600x100x80
Wheels Steel bogies
