

# Community Need

Hundreds of thousands of children enter into foster care every year. Each year 100,000 of these children age out of foster care and become instantly homeless without any social support. In north Louisiana we are trying to end homelessness among these young women while offering them skills and support for independence. We currently have 10 young women in our area who will be facing this tragedy this year. **YOU CAN HELP!**

the wanderer and  
hope to the  
hopeless*

# Our Mission

To provide a Christ-centered home for young women ages 18-24 who have aged out of foster care or are in need of transitional living due to poverty or trauma, changing her legacy for future generations.

## OUR VISION

We currently have a home to house 6 young women and a resident advisor. The home is located on 5 acres of beautiful land that is a peaceful environment to grow and learn.

## OUR PROGRAM

Faith based living environment. Personal coaching that assists in setting goals with weekly accountability to reach those goals. Weekly life skills classes that prepare for independent living. Two mentors to encourage, support, and do life with. No government support.
