

Dear Loyal Customer,

With the Spring season on the horizon, we would like to take this opportunity to reaffirm our safety guidelines and procedures for all customers entering our facility. These guidelines will be strictly enforced to ensure a safe working environment for everyone. We kindly ask that you review them with all customers entering the facility.

Enclosed, you will find our updated price list effective **April 1, 2025**.

To offset the costs of credit and debit card processing fees, a **3.5% convenience charge** will be applied to all credit and debit card transactions. Please note that these fees go directly to the credit card processing company. If you would prefer to pay by check, please be sure to drop a check off **before** the first of each month.

Additionally, any **credit card authorization forms must be signed and returned** before processing payments. We appreciate your cooperation and we wish you a successful season.

Respectfully,

Southampton Excavation and Site Development, LLC

General Safety Guidelines

On Site Regulations:

- All Vehicles must check in at the office upon arrival.
- Any incidents in the yard report immediately.
- Always pull vehicles up when entering the supply yard to avoid creating a line on the street. **DO NOT BLOCK THE ENTRANCE**
- Smoking and vaping is prohibited on the premises.

Dumping Procedures:

- Disconnecting trailers on North Magee Street or in the yard is not allowed.
- Parking of vehicles on North Magee Street is prohibited.
- Dumping of garbage, steel, and all foreign products in the yard is strictly prohibited. If garbage is dumped, you will be charged for the time required to clean it up, and additional fees will apply. Repeat offenses will result in the loss of yard privileges.
- Dump materials only in designated areas. If unsure, ask the office for guidance.
- Dump bodies must be completely lowered once materials are unloaded before exiting the facility.

Material Pickup Guidelines:

- The driver is responsible for securing their load. Any spills, inside or outside the facility, will be the carrier's responsibility. Any necessary cleanup or property damage will be charged accordingly.
- Minimum charge for all materials is **1 cubic yard**.
