**Veteran of the Month** – Comrade J. Hyshka

Sergeant (Retired) Fiona Zilberman

Sergeant Fiona Zilberman is a Canadian Armed Forces veteran and advocate for LGBTQ+ rights within the military. Enlisting in the 1990s, Fiona served with distinction in a variety of administrative and operational roles across Canada. Her career spanned the transition period when the Canadian Forces lifted its ban on LGBTQ+ service members in 1992.

Throughout her service, she remained quietly open about her identity, choosing to lead by example and support others who faced discrimination or uncertainty. After her retirement, Fiona became more vocal, using her platform to share her experiences as a lesbian in uniform and to advocate for a more inclusive and understanding military culture.

Her work has contributed to better education, policy reform, and the development of support networks for LGBTQ+ service members and veterans. She continues to speak publicly about mental health, inclusion, and the lasting impact of both silent and overt exclusion within military institutions.

Fiona Zilberman stands as a powerful symbol of resilience, courage, and the importance of visibility in shaping a more equitable Canadian Armed Forces.

**COMMENTS FOR THE GOOD & WELFARE OF KINGSWAYS BRANCH # 175**

Comrade R. Charlet: I am a little disappointed in our turn out and we don’t have a lot of people hear considering we have over 1000 members. I have something rather important to deal with for the good of the Legion and for the good of the Branch. For the good of the Legion, Comrades, it certainly has been called before but in the last six months I have watched as we are burning our Branch down around us. Our President and his Executive have worked extremely hard and receive more abuse than anyone should have to deal with. A number of Executive have resigned their positions which passes on more work to those who are left. Let us remember the old saying – if you have nothing nice to say perhaps you should say nothing at all. Comrades, we truly want a successful Branch that people want to be a part of and want to represent the executive members then we must put ourselves into a position to be successful. At present we are slaves to a building we cannot afford. If we did not have a mortgage we probably could make it work however, we do have a mortgage and at present we cannot not afford it and this is destroying us. Not only the general membership with the Executive should be able to come to the Branch and enjoy themselves without having to work all the time and be worried about how we are going to pay out next bill. Comrades, at this point, I call on our President to call a Special Meeting prior to the end of July 2025 to deal with the findings of this Committee that I sit on looking after the building. At that point I will make a Notice of Motion at that Special General Meeting in July I move or comments to be moved for one of the two following motions and they will be the only topic for discussion at that meeting:

1. I so move that the President and his Committee be given the authority to pursue the sale of this property and purchase something smaller and more fitting to our needs as a Branch; or
2. I so move that the President and his Committee be given the authority to pursue the renovation for lease of a piece of our property.

I ask you to support this Comrades and we will be moving forward, getting more information to have a Special General Meeting we will present one or the other with some back up information for you to make a decision but I don't see how we can continue to the way we are and be successful and continue to lose people from our Executive and our membership.
