

Occupational Health & Safety, Environmental and Quality Policy

Valet Management Systems Pty Ltd is a Sydney based consulting business specialised in management systems essentially for ISO Standards; and providing auditing services. We have developed a unique Business Framework for Excellence based on risk management and a streamline approach, with the fundamental purpose of enhancing the overall performance of our clients.

Valet Management Systems Pty Ltd, operate under an Occupational Health and Safety, Environmental, Quality Management Systems (HSEQ) in combination with a unique Business Framework for Excellence. We have expressed our commitment to client satisfaction and continual improvement for Occupational Health and Safety, Environmental and Quality Management Systems.

Our most valuable asset for achieving these purposes is our expertise, knowledge, experience and commitment to this policy. To relentlessly meet and exceed the needs and expectations of our clients and relevant stakeholders during our engagement with them.

Our commitment to meet these requirements and expectations are being achieved by continually:

- ✓ Having an Occupational Health and Safety, Environmental and Quality Management Systems, that congregates the needs of our internal and external parties and complies with the following standards:
 - ISO 45001:2018 Occupational Health and Safety Management Systems
 - ISO 14001: 2015 Environmental Management Systems
 - ISO 9001:2015 Quality Management Systems
- ✓ Reducing risks to Occupational Health and Safety and to the Environment so far as is reasonably practicable through the development of appropriate processes which enable us to recognise and mitigate or eliminate the causes of illness, injury and pollution; and influence our clients to follow our commitments.
- ✓ Establishing Occupational Health and Safety, Environmental and Quality objectives designed to maintain and improve performance.
- ✓ Complying with all applicable laws, standards, and customer requirements; and where requirements differ ensuring the highest standard is implemented
- ✓ Consulting and encouraging participation/feedback of any interested parties in Occupational Health and Safety, Environment and Quality matters.
- ✓ Periodically reviewing and auditing our HSEQ Management System to highlight deficiencies and areas for continual improvements.
- ✓ Any interested parties are made aware of this policy and active communication and participation is encouraged when practicable.
