

Lake Bonavista Homeowners Association

Attention Members,

May 15, 2025

Amendment to the April 2025 Update from the Board

After considering several factors including cost, member feedback and current levels of usage, the board elected to revisit the project with our contractor to see what could be done within the existing footprint. We are pleased to announce that we will be expanding the project to include additional court space without materially increasing the costs. Thank you to all the members who provided feedback and our contractor for working with us on costs.

The new configuration will feature eight dedicated pickle ball courts, one multi-use court, and three permanent tennis courts.

The project is expected to break ground in early June.
