

4' x 4' Single Backboard

The ReadySPEC® single backboard kits provide a convenient alternative to field cutting full plywood sheets to size for small mounting applications.

Shipped in sturdy cardboard packaging to arrive at your job site in perfect condition. ReadySPEC® Backboards are also now available in Bulk Project Packaging as a cost effective option.

Backboard is primed and then coated with UL® Classified Intumescent Fire Retardant latex. Select from a variety of color choices to meet your projects ANSI/TIA-606-B color-code requirements.

FEATURES

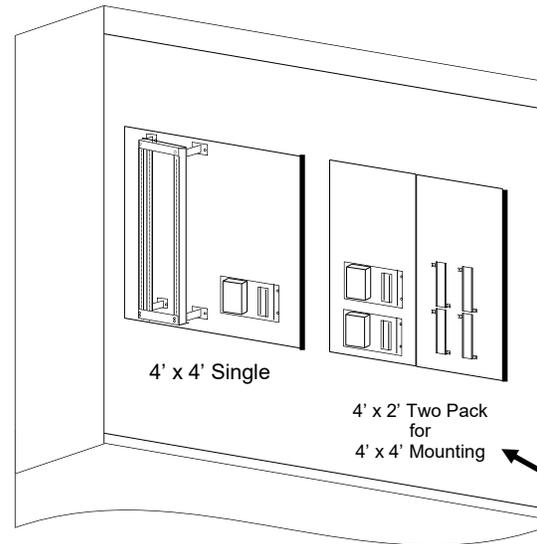

- Provides an Industry Compliant backboard ready for installation.
- Made of urea-formaldehyde resin free 3/4" A-C grade plywood to meet your "Green Building" requirements.
- Backboard panels coated with UL® Classified Intumescent Fire Retardant Latex on all sides.
- Serialized Verification Label - Plywood grade & application of UL® Classified Fire Retardant Latex detailed on product label.
- Provided with wall fasteners for installation of backboard kit on masonry, hollow block, steel and wood frame walls.
- Select kits include touch-up paint and brush.
- Select from ten color choices to meet your project TIA/EIA 606A color-code requirements.
