urea-formaldehyde resin free

## TELECOMMUNICATION BACKBOARD KITS

The ReadySPEC<sup>®</sup> Series is the first backboard product line in the Industry to provide a specification compliant backboard you can specify, submit, and site verify. Whether your project requires small backboards or you need to cover an entire Equipment Room wall, ReadySPEC<sup>®</sup> makes it easy!

The ReadySPEC<sup>®</sup> Series allows you to specify the backboard by part number. When you specify ReadySPEC<sup>®</sup> Series, you will finally have confidence the backboard is made to Industry Specifications and coated with UL<sup>®</sup> Classified Fire Retardant Latex (Class "A" Rated).

Contractors realize ReadySPEC<sup>®</sup> Backboards save time and money because it requires no cutting, priming, or painting.
