

PRODUCT OVERVIEW: 12-0-4 Green Up

Desert Green Turf recommends using DGT Select Iron Man 12-0-4 to regenerate your lawn. This product is packed with the essential nutrients used to correct nutrient deficiencies. For best results, follow the suggested application steps outlined below.

1 Lawn should be dry at time of application.

2 Adjust spreader to correct setting, Refer to Spreader Setting table.

3 Use the Application Rate table to determine proper product amount.

4 Add amount determined in Step 3 to already adjusted spreader.

5 Apply product by walking at a brisk pace, insuring product spreads evenly.

6 After application, water immediately.

APPLICATION PRECAUTIONS

- Walkways should be dry at time of application.
- Will stain paint or concrete.
- Sweep walkways prior to irrigation.
- Should be spread with a rotary style spreader.
- Do not contaminate potable water.
- Store in a well-ventilated place, seal container tight.

What does “water immediately” mean?
 For this product, following application, water normally with your typical water cycle.

When is the right time to apply DGT Select Green Up?

The general rule of thumb is to apply DGT Select Green Up after your third mow of the season!
