CAPABILITY STATEMENT

ENCLAVE
STRATEGIC TECHNOLOGY
CONSULTING.LLC
MODERNIZE TECHNOLOGY | OPTIMIZE PERFORMANCE | SECURE SYSTEMS | DELIVER RESULTS

CORE COMPETENCIES

ESTC Solutions delivers secure, innovative IT and business solutions that align with government and private sector modernization priorities. Our teams bring deep federal experience and agile consulting to help clients modernize infrastructure, enhance security, and optimize operations.

- Cloud Architecture and IT Modernization
- Cybersecurity Strategy and Zero Trust Implementation
- Data Governance, Analytics, and AI Enablement
- Program Management and Strategic Advisory Services
- Administrative and Communications Support

DIFFERENTIATION

- Founded by former federal CIO with over 30 years of leadership in IT modernization and cybersecurity.

- Veteran-owned small business with federal and state certifications (VSBE, SBR, SDVOSB pending).

- Deep expertise in Zero Trust architecture, cloud transformations, and AI governance aligned with federal mandates.

- Proven ability to lead and deliver complex technology programs with federal, state, and local government environments.

PAST PERFORMANCE

ESTC Solutions builds on a strong foundation of executive leadership and delivery of high impact IT Programs with the federal government.

U.S. Department of Labor – Office of Inspector General (CIO)
Directed IT modernization, cybersecurity compliance, and cloud migration efforts, including Zero Trust architecture implementation and ServiceNow Expansion.

U.S. Census Bureau – Director, Telecommunications Office
Oversaw the deployment of high-performance, redundant wide-area network infrastructure, improving speed, reliability, and security for public access to survey applications and digital Census services. These efforts enabled scalable, secure data collection while supporting the agency's mission-critical operations.
