

# CATCH ME IF I FALL

WILEY SILER

He said I'll catch you if you fall  
You don't have to be so shy  
It ain't like those tales so tall  
And I ain't like those other guys

So if you take a chance on me  
You know we can have it all  
I will love you all my life, and some day you'll be my wife  
You know I'll catch you if you fall

He gave that girl a weddin' ring  
It's been three years now this last fall  
And now he's playing on the town  
Honkytonk bars and Bingo halls

He dreams of stardom and the rise  
But he ain't worried 'bout it all  
She's the anchor in his life, that girl who said she'd be his wife  
He knows she'll catch him if he falls

**If you catch me if I fall  
I'll pick you up, when you're down  
You will always be my world  
Even when you're not around  
So if you take a chance on me  
You know we can have it all  
I'll pick you up when you are down  
If you catch me if I fall**

## SOLO

They had a baby just last week  
Doctor says it was a girl  
They say she's got her daddy's eyes  
Her hair looks just like momma's curls  
He dreamed of stardom and the rise  
But he ain't worried 'bout that now  
Because he knows he got it all  
Curly haired girl just like her ma  
He knows he'll catch her if she falls
