March 2021

The Northshore's Best

Click here or on photos below to see our March Features

This month's Enterprising Woman, **Melissa Mitrik** of **Bleu Med Spa and Laser Clinic**, reminds us that we should never let the past define our future. Turning early challenges into motivation, she's traveled the world to build a successful franchise and create a beautiful peace for herself and her family.

After suffering a tragic ATV accident, **Brendan David** has proven to be a fighter determined to beat all odds and create a miraculous rebirth. For Traumatic Brain Injury Awareness Month, his mother, Yvette Pacaccio, tells of their combined determination to practice gratitude amidst setbacks and find hope in every new day.

The spirit of Covington is captured beautifully in this gem. A renovated 100-plus-year-old caretaker's cabin flows effortlessly into a modern structure, attached to add living, kitchen and bedroom space. The result? A functional, nostalgic revival that performs as a warm family home with enviable extras.

Our **March Issue** also highlights **Kids' Activities**, **Spring Fashion** and **The Taste of**

Reserve your spot now for April's issue featuring Spring Spruce Ups and all things outdoors!
