* Please note the above allergen information does not include allergen information for custom orders. If you would like to find out the allergen content for your custom order, please request this from me via email.

* Please also note that all products are made in a kitchen that handles the following allergens: **eggs, milk, gluten, soya, nuts, peanuts, sesame, lupin, celery, crustaceans, fish, molluscs, mustard and sulphur dioxide**. While all precautions are taken to ensure that no cross-contamination occurs, there may still be traces of these allergens.
