

# Instructions for STEM Building

- Print and laminate pet home pictures
- Hang pictures in block area or make a book and place in block area
- Place small plastic or stuffed pets in area
- Add foam, felt, rocks, cardboard, fake leaves, cardboard tubes (Paper towel or toilet paper rolls)
- Give children time and space to create
- Optional at home activity: Students can create their own “Pet Home Diorama” from a shoebox or other found supplies at home.
