

### Shorty Billet Shifter Handle Instructions

**THIS MODIFICATION REQUIRES YOU TO REMOVE THE MOUNTING POINT OF THE FACTORY SHIFT KNOB. ONCE CUT OFF YOU WILL NOT BE ABLE TO REINSTALL YOUR FACTORY SHIFT KNOB.**

#### KRX

It is recommended to cut a maximum of 3 5/16" off the top of your shifter rod. This will put it as close as you can be to the bezel. You can cut less if desired.

#### Teryx

Cut a minimum of 1 3/4" up to a maximum of 3 inches off the top of your shifter rod.
