

4TH GRADE NEWSLETTER

February 16 – February 20

What's ahead...

Reading

We will begin a new unit this week all about exploring. Our first lesson will be specifically about uncovering the past. Students will learn how to determine the meaning of unfamiliar words and understand allusions.

Mathematics

We began division last week and have been practicing for most of the week. I have assigned iready practice for anyone who feels they can use some more practice. We will have our quiz on Tuesday. Studyguides will be sent home for completion over the long weekend.

Science/ Social Studies

We will continue our lesson on waves this week. Students will draw and present parts of waves to the class. We'll discuss wavelength, volume, and amplitude.

Spelling words

Lesson 9: *suffix-ogy suffix -ist
suffix -ment*

chisel, excavate, fossil, measure, measurement, paleontologist, paleontology, peril, pry, section
