WHAT WE'RE LEARNING

4/13 - 4/17

Reading

This week we learned about long e (e_e) and long u (u_e). We also learned sight words also, how, new, and first. We also reviewed .

Math

This week students took their Unit 4 test. Students spent the rest of the week practicing their addition skills.

Social Studies

This week we learned about the nation's symbols- the Statue of Liberty.

Science

This week we learned about sound and vibrations. Students completed an experiment to see how vibrations create sound. Students also learned what scientists do when completing an experiment by writing down what they see, feel, and hear.

SPELLING WORDS

There will be no new spelling words due to the Arabic Spelling Bee.

NOTE FROM THE TEACHER

Assalamu Alaikom parents!

Due to the Arabic Spelling Bee, we will have no spelling test or reading fluency test this week. But we will still have a math quiz on April 24.

Next week students will learn about the soft c and g sound. Students will also learn about adding and subtracting using tens.

This week students learned about writing sentences that contains a character, setting, and action.

As the year is coming to an end, we encourage students to stay on top of their homework to help balance their grades in case they don't do well in their classwork, quizzes, or tests.
