## WEEKLY SOCIAL STUDY NEWSLETTER

Asalamu Alekum Dear Parents:

### **5<sup>th</sup> -6<sup>th</sup> Grade:**

Last week we talked about the West Region pages (1-4), and they also worked on a worksheet where they had to color the West Region. This week we will continue learning about the West Region focusing on the Climate, Resources and the Culture. I will also assign for each student their state, so that they can start working on their project when we are done with the lesson plan. I will also be using the computer lab for students to practice their States. It's very important that during the weekend the students memorize the location of the state and the name of the state.

### **7<sup>th</sup>- 8<sup>th</sup> Grade:**

Last week, we talked about the importance of "Oral History", and we went over the discussion that was due on Monday. The student made their own team and worked on a new assignment, where they had to choose a "Oral story" and answer the questions that was given to them. This helps the students to

learn how to analyze stories. For next week, we will start focusing on a project that goes over the students own "Oral History". The project will be worked during class.

### **A Reminder for Both Classes:**

- 1- I will be posting everyday about the student's behavior on the Engrade website, and I will be commenting on how they can improve their behavior, I encourage all parents to also look at their child/ren behavior comments.
- 2- They all need to follow the classroom rules, it's very important that the students follow these rules.

### **Classroom Rules:**

1. Be respectful to yourself and others.
2. Listen when others are talking.
