Parents please be informed that our school ICCI Academy will no longer provide snacks for the students. Therefore, I will make a schedule for all the parents to bring snacks every week for the students. Please be informed that we have 9 students and the snack should be enough to keep us the whole week inshallah. I will make a list of healthy snacks to provide for the students. Thank you!

### **A Family Fun Idea**

**We are in Fall now, go outside with your child and observe the trees and the leaves outside. Talk to your child about the different sizes, shapes and colors of leaves.**
