Class News Week of October 9, 2018

Mrs. Reema's 3rd & 4th grade

Math

We will continue Unit 2. Children will learn parts and total diagrams to help solve parts and total number stories. Please help your child ever night with math homework as it is getting a little more challenging everyday!!

Reading

We will continue reading Rugby and Rosie. Students will make connections and predicted what will come next in the story. Students' will also was recognize information to help them understand cause and effect.

Language Arts

Students will learn how verbs help in understanding what they read and how to verbs helps them become better storytellers.

Science

Students will have a test on the life cycle of a plant and animals. Look out for the study package in Monday's homework.

Family note: Try a bigger font!!

The simple strategy that's super effective: Just enlarge letters on a page. Studies show the size of the font really impacts how much kids enjoy reading. If you have a Kindle or an Ipad experiment with font sizes- bigger usually is better for kids than traditional size.

REMINDERS

- READ EVERYNIGHT FOR 20-30 MINUTES
