

Weekly News

Assalaamalaikum dear parents. We are now in the 2nd marking period. Our beautiful kindergarten students are able to print their letters, produce the sounds of each, are counting their numbers confidently and are creating beautiful art work for the classroom. I am enjoying every minute with your children.

In the coming week, I will teach the kids more sight words, beginning blends, looking at graphs, feeding our body healthy foods, the election process and as always, reading books ☺

I will give two quizzes this upcoming week for math and language arts. I will test them on Tuesday on their ability to recognize the sight words listed below and reciting their numbers to 30! Insha'Allah they will do great.

Dates to Remember

Nov 6th: Math and Language Arts Quiz

Nov 8th: Qur'an Competition

Nov 13th: Annual Title 1 Meeting with Parents at 8:30-9:00 AM

Nov 21st, 22nd, 23rd: Thanksgiving Break- No school

Sight Words

Like "bl"

And "cr"

Look "dr"

Not "br"

You

Reminders

- Give your child healthy snacks daily
- Read with your child every night
- Make sure your child wears tennis shoes on Monday and Wednesday for Gym
- Keep reminding your child about loving and respecting one another

Star Student Salsabil Abubhashish

Salsabil tries everyday so hard to be a great student and she really is. Her handwriting is so beautiful and so is her art work. She works so carefully on everything she does, whether it be playing with others or writing her sight words. Salsabil has the best manners in our classroom and I am enjoying watching her blossom like a beautiful kindergarten flower ☺

A Look at Next Week...

Our theme will be "All About Me and My Feelings". We will discuss how we are unique and special in our very own way. This will include how we can keep our bodies healthy by eating the right foods and exercising. We will talk about respecting each other's feelings and being nice to one another. We will use all the sight words we have learned and write a story altogether about who we are as Kindergarten.
