

## ICCI Academy | Mathematics Newsletter | Mrs. Sejla

### FIFTH GRADE

Students will carry on the lesson of fractions adding and multiplying.

### SIXTH GRADE

Previously we started with adding and subtracting fractions and the students were given homework on page 130. We will continue with the section with adding and subtracting mixed numbers, and finally multiply fractions.

### SEVENTH GRADE

Students left off on section percent of change, and will continue with simple interest, they will have a review in class and will take a test by the end of the week on the chapter.

### EIGHT GRADE

Students left off on section 5.4 and were given homework problems 1-33, all of the work we didn't finish in class for the section is homework. We will continue with 5.4 with solving for infinite or no solutions and creating equations, and finally solving exponent equations.

---

Without mathematics, there's nothing you can do. ...
