

4TH GRADE NEWSLETTER

May 11- May 15

What's ahead...

Reading

We will continue reading our classroom novel *Holes*. We'll have a quiz on our weekly reading this Friday, May 15. We will also practice the grammar skill using possessive nouns.

Mathematics

We'll review adding and subtracting mixed fractions on Monday. Tuesday we will have our quiz on adding and subtracting mixed fractions. Then will begin learning how to multiply fractions.

Science/ Social Studies

I will be introducing a curriculum called *Amplify Science* for the end of the quarter. This is a way to include material outside of the standard curriculum. This week each student will receive their own book about the concepts of big, small, and relativity. We will have a test the following week.
