

4TH GRADE NEWSLETTER

What's ahead...

Reading & Language Arts

Next week's chapter for reading is about facing challenges. We will be exploring this topic through science fiction texts. Our test will be on Friday, November 21.

Mathematics

Fourth grade is going to explore number and shape patterns next week. Together we'll learn to identify and describe patterns. Our math quiz will be on Thursday, November 20.

Science/ Social Studies

Having just completed our unit 2 test in Science, we will now circle back to Social Studies. Our upcoming chapter is about the earliest Americans and explorers. We will have shorter Social Studies periods these next few weeks so that we can have time to go over science fair projects.

November 17– November 21
