WHAT WE'RE LEARNING

**Reading**

Students learned the short a sound and plural nouns. Students learned sight words, and, the, to, and see.

**Math**

Students learned number partners that make 10.

**Science**

Students were introduced to parts of a plant that help them live.

**Social Studies**

Students learned about rules. Students were also introduced to what's fact and fiction.

NOTE FROM THE TEACHER:

Assalamu Alaikom!

This week students were introduced to their curriculum books! There will be an adjustment period for students to get used to doing work in their books, especially for the science and social studies curriculum. Part of their grade will be based on them listening to directions as they will be told to follow directions not written in the book. With time inshAllah, students will be comfortable using the books and it will be reflected in their grades.
