What We Learned

Reading

This Quarter students have read many stories in class from fiction to non-fiction etc. Students learned how to draw conclusions, look for main idea and details, make inferences and more.

Math

The students enjoyed activities that allowed them to learn their multiplication facts. We also learned about place value and adding and subtracting multi-digit numbers

Science

We continue to learn about How plants live and grow. We began to learn about the different types of ecosystems and their properties.

Reminders

Please have students work on their WINTER PACKET REVIEW. this packet covers most of the things we already learned. It will help them not forget what they learned so far. HAVE A SAFE AND WONDERFUL WINTERBREAK!

Upcoming Events

- Winter Break: Dec. 23 – Jan. 3
- Report cards: Jan. 9
