

Third Grade Newsletter

December 9-13, 2019

· Ms. Rosa

English

- This week we concluded with our theme of City Wildlife.
- We reviewed the six stories we read.
- We reviewed genres and focused on comprehension.
- We reviewed the vocabulary words in this unit.
- We completed a unit assessment.

Math

- We are currently reviewing Unit 3.
- We will have a unit test next week on 12/18.
- Please review ballpark estimation (rounding), perimeter, area, maximum, minimum, range, and median.

Science

- We began a new chapter on Earth & Space.
- We began understanding the relationship between earth and the solar system.
- We learned about the phases of the moon + completed a fun Oreo exercise showing the different phases.
- We discussed solar and lunar eclipses.
- We learned about the eight primary planets while distinguishing between inner and outer planets.

Extension Activities

- Read 30 minutes a day
- Observe the moon, name the phase.
- Review estimation by rounding
- Review measurements
