

ICCI Academy

2nd Grade Room 203

Dec 12, 2019

Greetings

Salam Aklum students, parents and guardians :

Almost done for this year !! I can't wait to start the next semester, Al Hamduliallah , and I am very grateful for my class's progress , So keep up the good work everyone:)

A reminder of your child's **science fair project** , please make sure your child has a project that they can understand, stick to one topic, write and explain everything on the bulletin board, bring a miniature figurine , talking about it. Define which ecosystem asks how does living and non-living things work with each other, define the landform how each animal can survive in that habitat that you picked, Show the **consumers, producers , decomposers** ,etc.. show the food chain of each ecosystem chosen, Remember to be creative. This project grade is counted.
