

ICCI Academy

2nd Grade Room 203

Jan 13th,2020

Greetings

Dear parents,

So the first week of school went fast because we had a lot of educational fun. We covered all that was needed this week. We all **frantically** woke up from our winter break **gaspng** for more knowledge. In math this week, we will be learning about fractions, and measurements, In grammar, we took about linking verbs or verbs to be. Remember every Friday there is a spelling test, reading test, and literature written assessment if all the materials are cover in class. Show and tell this Friday bring one of your favorite toys to play with.
