

Hello,

Welcome to the new school year! I am Ms. Suleiman, I will be starting my first year of teaching at ICCI Academy as a 3rd-grade teacher. This year I will be teaching all subjects including, English Language Arts, Reading, Math, and Science. I graduated from North Park University with a Bachelor's degree in Elementary Education, along with an ESL Endorsement. I have had the pleasure to work with other third grade classes before coming here. This year will be filled with new fun learning experiences. My goal for the students this year is to expand their learning and understanding in all the subject matters.

For the first day of school I ask you to think about everything you did this summer and to choose one of your favorite memories. I also would love for you to come to class prepared with an interesting fact about yourself.

I am beyond excited to begin this new year with my 3rd grade class and cannot wait to see what this year brings us all. I am looking forward to seeing my 3rd graders to excel in their learning this year.

If you need to reach me for anything, you can reach me at ayahsuleiman1@outlook.com.

Sincerely,
Ms. Suleiman
