

4TH GRADE NEWSLETTER

March 2 – March 6

What's ahead...

Reading

Our theme this week is exploring the extremes. Our focus question is how and why do people explore extreme environments? We'll also learn what a firsthand account is in literature.

Mathematics

Fourth grade was just introduced to perimeter. Next week we'll begin learning how to find the area of a shape. We'll have a quiz on Thursday, March 5.

Science/ Social Studies

We completed our quiz on wave parts. We will now build upon that and learn all about light and light reflection.

Spelling words

Lesson 11: *suffix-ogy, suffix-ist, suffix-ment*

discovery, environment, erupting, extreme, frigid, molten, predict, volcano, volcanology, volcanologist
