

4TH GRADE NEWSLETTER

SEPTEMBER 7-11

4TH GRADE MATH

This week we will learn how to compare whole numbers.

We will use place value charts to compare multi-digit numbers. Students will also use proper symbols to compare larger numbers.

Our math quiz will be **Friday, September 11.**

5TH GRADE MATH

We will further explore volume and be introduced to a new formula. Students will be introduced to the term *base*, which is the bottom of a rectangular prism. This will enable us to find the volume of more complex figures. Our quiz will not be this upcoming week but the following week on **Tuesday, September 15.**

4TH GRADE READING & LANGUAGE ARTS

This week we will read stories dedicated to learning life lessons from others. We'll also focus on finding the theme, or the important message of the story.

Spelling words

long e & short e

1. steep
2. member
3. gleam
4. beast
5. pretend
