

4TH GRADE NEWSLETTER

SEPTEMBER 28- OCTOBER 2

4TH GRADE MATH

We will begin adding whole numbers on Monday. These numbers are larger than fourth grade is used to, so we will focus on doing it one step at a time and we'll practice using the standard algorithm. We will have our lesson 4 math quiz on Thursday, October 1st.

5TH GRADE MATH

Fifth grade will merge into learning an essential skill in mathematics, multiplying multi-digit numbers. We will set up the problem vertically to find partial products that can be added to find the total product. I will also demonstrate the conventional method of multiplying digit by digit. We will have our lesson 4 quiz on Thursday, October 1st.

4TH GRADE READING & LANGUAGE ARTS

This week we will read stories about imagining possibilities. Our focus skill will be describing characters with an emphasis on character motivations. Our quiz will be **Friday, October 2.**

Spelling words

Homophones

1. wait
2. weight
