WHAT WE'RE LEARNING

5/11-5/15

Reading

This week students learned the long e sounds, ee & ea. Students also learned about the suffix less and ful. Students learned sight words, good, now, around, and found.

Math

This week students learned different 2D and 3D shapes and their attributes.

Social Studies

This week students learned about the past and what do artifacts mean.

Science

This week students reviewed what do animals need to survive along with living and nonliving things.

SPELLING WORDS

1. no
2. okay
3. stolen
4. boat
5. float
6. grow
7. little
8. find
9. right
10. light

Bonus Words

1. hero
2. unlock
3. repaint
4. playful
5. painless

NOTE FROM THE TEACHER

Assalamu Alaikom parents!

Next week we will have our last spelling test and math quiz of the year! SubhanAllah how time went by very fast.

As we are closing the school year please remember to pack a healthy snack for your child daily, students must be wearing uniform unless told so, and homework helps the students grade!

Please take out books and papers that we no longer need for our class. Please take out graded papers from their folder to make it easier for students to organize their folder at the end of the day. This also makes it easier to collect homework. Any volume 1 math or reading books can also be taken out. I recommend looking through them to see your child's grade and understand why they got the score that they did.

DON'T MISS THIS!
