

*To the highly esteemed parents,*

As this school year comes to an end, I'd like to send you a heartfelt thank you. As a parent, I know there is nothing more precious to you than your children. You have entrusted me with the most valuable joy and blessing in your life and for that I am forever grateful. I pray that you forgive any of my shortcomings and see the growth of your child that you enabled through your dedication. Your decision to bring your child to ICCI Academy will one day prove to be not just a wise decision, but an everlasting investment. My objective is not to simply have my students master academics, but to help shape them into being well-rounded Muslims who prosper both intellectually and as righteous human beings. May Allah accept us all among the righteous. Alhamdulillah for this wonderful community and Jazkoum Allah Khairan for all your efforts this year.

*Sincerely, Mrs. Tina*
