

# 4<sup>TH</sup> GRADE NEWSLETTER

January 26 – January 30

## What's ahead...

### Reading & Language Arts

We will begin the week with the assessments missed on Friday. For the remainder of the week during reading time we'll have an in school research paper to complete. Students will handwrite their essay and have to type at upon completion.

### Mathematics

We will continue practicing converting measurements including volume. This concept is very new to most students so please encourage your child to try his/her best on the math homework that way I can assist in class if needed. Friday will be our math quiz.

### Science/ Social Studies

Each student will present his/her history fair project this week. Those watching will be required to take notes. We will have a short quiz about the information gathered from the projects on Thursday, January 29. (Studyguides will be sent home) I will also introduce a short lesson about Black History month that we will begin this week and continue into the following week Insha'Allah.

## Spelling words

Lesson 8; *-ing* added to verb means the action is happening, *un-* added to the beginning of a word means *not*, and *-tion* added to a verb makes a noun and means *the result of attempts, attempting, creativity, dispense, identify, identifying, interact, interaction, unidentified, uncreative*
