

Third Grade Newsletter

November 18-22, 2019

• Ms. Rosa

English

- This week we continued with our theme of City Wildlife through reading. We read a story titled "Two Days in May"
- We were familiarized with our vocabulary words and reviewed the genre: realistic fiction.
- We used the reading comprehension strategies: asking questions, summarizing, and making connections.
- We also reviewed cause and effect and looked for cause and effect in our story.
- We completed multiple spelling activities for our spelling list and a spelling test.

- We will not have a new spelling list for the week of 11/25/2019.

Math

- We reviewed measuring length in customary and metric units.
- We were introduced to and were familiarized to perimeter. (Perimeter is the distance around a shape).
- We were introduced to area. (The measurement of square units inside a shape)

Science

- We learned about environmental threats
- We learned about dinosaurs, and how they went extinct due to environmental changes.
- We learned how some dinosaurs adapted to the changes in the environment.

Extension Activities

- Read 30 minutes a day
- Use a ruler to measure objects in inches and centimeters, find the area and perimeter.
