Washington, DC 20003

**RE: Sewer Rehabilitation Project in North Cleveland Park – ANC 3A**

Please accept this letter of support for an overnight work permit for the DC Water Sewer Rehabilitation project, including parts of North Cleveland Park in our Commission area, as part of the Service Life Restoration Program (SLRP). Per your notification, we understand that DDOT has recommended that DC Water perform some of the work activities for this project during nighttime hours (7:00pm-7:00am), in light of daytime traffic and other concerns, and therefore DC Water has asked for the support of the ANC in order to obtain the required nighttime work permits.

The project is expected to involve activities during normal work hours Monday through Friday, and some work on weekends and nights during coming weeks. (The overall project is scheduled to last from July 29, 2024, through approximately July 2025.)

This letter of support was approved by ANC 3A by a vote of 3 - 0 at a duly noticed public meeting on July 31, 2024, at which a quorum was present. (Two of the Commissioners constitute a quorum.)

Please contact me if you have any questions.

Thank you very much.

Sincerely,

Thaddeus Bradley-Lewis  
Chair, ANC 3A  
and Commissioner, ANC3A01
