Re: Further Curbside Changes to Implement WMATA Better Bus Network Redesign in ANC 3A

Dear Chairperson Bradley-Lewis,

Pursuant to the “Administrative Procedure Amendment Act of 2000” D.C. LAW 13-249 (48 DCR 3491 April 20, 2001), the District Department of Transportation (DDOT) is required to give a written notice of our intent (NOI) to modify traffic and/or parking requirements. This letter is being forwarded to you for the purpose of notification and solicitation of comments on our intent to implement the following in your jurisdiction.

EXECUTIVE SUMMARY

The purpose of this NOI is to propose an additional action of adding ‘Except Buses’ sign to the existing ‘No Left Turn’ from eastbound Massachusetts Ave NW onto northbound Wisconsin Ave NW to accommodate the new C85 bus operations.

As noted in NOI #25-27-CPD, on June 29, 2025, the Washington Metropolitan Area Transit Authority (WMATA) will launch a new bus network for the region, the result of over two years of analysis and public engagement (see <https://betterbus.wmata.com/> for more information). Although DDOT is not responsible for planning or operating the service, some of WMATA’s bus routing and stop changes require adjustments to traffic patterns and/or parking regulations on the District’s streets.

DETAIL OF PROPOSED ACTIONS

In your ANC, DDOT is further supporting WMATA’s Better Bus initiative by adding ‘Except Buses’ to the “No Left Turn 7-9:30AM 4-6:30PM Monday-Friday” sign at Massachusetts Ave NW

eastbound and Wisconsin Ave NW to allow the new C85 bus to turn left (north) onto Wisconsin Ave during rush hours. This route was specifically designed to provide a one-seat ride to MacArthur High School for students in bounds. The C85 is a peak-only bus and is scheduled to run every 30 minutes from 6:00AM to 8:30AM (5 buses) and from 2:30PM to 5:00PM (5 buses) weekdays only, no weekend service planned. DDOT and WMATA will monitor and evaluate if this causes traffic and safety issues.

We have also shared this proposed action with ANC 3C in NOI #25-29-CPD.

RELATIONSHIP TO NOI #25-27-CPD

Thank you for your March 18, 2025 resolution regarding our February 18, 2025 NOI #25-27-CPD. Based on your comments, WMATA is not moving forward with a new bus stop at 39th St and Klinge PI NW. Therefore, DDOT is not moving forward with Curbside Change #1 as proposed in NOI #25-27-CPD: New Bus Stop - Remove 3 parking spaces ("2 Hour Parking 7AM-8:30PM Monday-Friday – Zone 3 Permit Holders Excepted") and convert to new northbound bus stop at 39th St and Klinge PI NW for new D96 route, which aligns with feedback from your March 18, 2025 ANC 3A resolution. We will provide a separate formal NOI response within the legally required 60-day response period.

Additional information from WMATA: Based on assessment of roadway conditions and timeline to improve safe bus operations, some Metrobus routes have been adjusted since Better Bus Network Redesign materials were last shown. Metro is in the process of updating maps to reflect these changes, which will be released at the end of April of 2025.

For comments related to Metrobus routing and service, please contact WMATA directly through <https://wmata.custhelp.com/> or by calling 202-637-1328. WMATA will share information regarding new bus routes, route names, stop changes, and other important communications in spring 2025 via the WMATA website and associated social media channels.

Regarding stop consolidations, please contact WMATA directly through <https://wmata.custhelp.com/> or by calling 202-637-1328. Please see WMATA's website to find a list of stops that WMATA is proposing to remove, which could result in the return of parking. https://wmata.com/initiatives/plans/Better-Bus/upload/Bus-Stop-Consolidation_2025-Better-Bus-Network.pdf

Comments on the traffic and/or parking changes in this Notice of Intent must be filed in writing (which includes email) by June 10, 2025 with the District Department of Transportation, Transportation Delivery Division, 250 M Street, S.E. Washington, D.C. 20003. If you would like to check the status of this Notice of Intent (NOI), please visit DDOT's website at <https://ddot.dc.gov/service/notice-intent>. If you are having any trouble accessing the NOI site or

are unable to do so, please contact the DDOT Customer Service Clearinghouse at 202-671-2800.

Sincerely,

About the 2025 Better Bus Network <https://betterbus.wmata.com/>

- This is the first comprehensive redesign of the Metrobus network since it was developed over 50 years ago.
 - The 2025 Better Bus Network was adopted by the Metro Board on November 21, 2024. The adopted network builds on more than two years of planning, 23 weeks of public input, and 33,000+ comments that were provided from customers across the region.
 - WMATA will launch the Better Bus Network on June 29, 2025 and will provide:
 - More frequent, all day, all week service, including midday, evening, Saturdays, and Sundays
 - More connections to job centers, transit stations, hospitals, and other places people want to travel
 - More convenient and direct service, saving customers time and improving operations
 - More reliable service using bus lanes
 - To ensure that Metro can safely and reliably operate the new network, some on-street signage, operations, or infrastructure changes will be needed in the District.
 - For example, in some cases, the public requested service along a street that is too narrow for buses to operate on in both directions and therefore, some infrastructure changes are needed.
 - In other cases, routes that travel deep into neighborhoods may need stop signs added or parking spaces relocated to allow for buses to turn safely.
 - The infrastructure changes are necessary to allow safe and reliable bus operations for customers, operators, pedestrians, and drivers.
